Adrian Webb
Electrical Pty Ltd

NEWSLETTER
DECEMBER 2006

"The Company to use for all your electrical work"

Merry Christmas

As the Christmas holidays are fast approaching, we wish to inform you that our office will be closed from 5:00pm Thursday 21st December 2006 through to 9:00am Monday 8th January 2007. If you have an emergency during this time you can contact Energy Australia on 131 388.

When the Boss talks - all must listen!

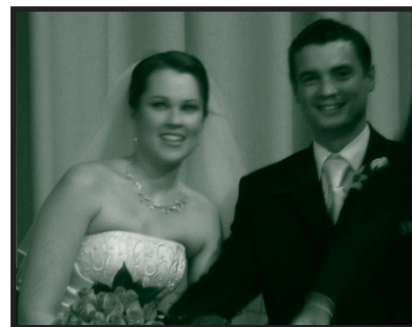

*... and when the Boss makes a joke
... ALL must laugh!*

ENERGY SAVING TIP #1

Consider replacing your 60W incandescent light bulbs with more energy efficient compact fluorescent lamps.

We wish to extend our congratulations to one of our tradesmen, Jon Clifton and his new wife Kristina on their wedding in late October. We wish them a fruitful and prosperous future and many happy memories.

Jon & Kristina on their Wedding Day

We also had a team member go missing in action for 2 months! Adrian took some long service time out to go exploring overseas. While Adrian was away in Europe, he was still on the job and took some photos of electrical items. It makes you realise how good we have it over here and how safe and thorough our standards are.

A traffic light post in Russia with open wiring and a circuit breaker easily accessible to shut it down!

HOLIDAY TIP # 1

Switch off your appliances at the power point when leaving home for holidays to reduce energy wastage.
